**RE: EMERSON FLOW CONTROLS AUTHORIZED REPRESENTATIVE FOR ESKOM COAL FIRED POWER STATIONS.**

To whom it may concern:

This letter serves to confirm that Emerson is the Original Equipment Manufacturer for the full Final Control product portfolio and therefor is the sole owner of the Intellectual Property and OEM status for these products.

This letter also confirms that **Bilfinger Intervalve Africa Pty (Ltd)** is the only "Authorized Representative" for Emerson's Automation Solutions ("Emerson") Flow Control Gate, Globe and Check Isolation valve range within the Flow Controls Portfolio.

For ease of reference this includes brand names such as SEMPELL, DEWRANCE, FASANI and RAISTEAM.

This letter excludes the Fisher, FIELDVUE and Yarway range of the Flow Controls Portfolio.

Emerson will provide support to Bilfinger Intervalve Africa with technical information required to service ESKOM efficiently. In the event that Bilfinger Intervalve Africa should be unable to provide support for the Eskom Lethabo Power Station, Emerson shall implement appropriate measures to ensure that the specified portfolio is adequately supported for the duration of the contract.

This letter is valid until September 30th, 2026.

Yours sincerely,

*Natlee Chetty*
